

Our Clients

In addition to home care for seniors, we at Assisting Hands also provide care for:

- Adults of any age following hospitalization or surgery who may have difficulty walking, standing, or driving
- Individuals with disabilities
- Hospice patients
- New mothers or mothers-to-be on restricted activity
- Assisted living residents who may require additional temporary or long-term assistance
- Individuals with medical conditions which cause fatigue or weakness, or who generally require assistance

Our Caregivers

Our caregivers are the heart of Assisting Hands. Their most important credential is that they are caring, compassionate people who enjoy helping others!

Assisting Hands caregivers are trained specifically to provide in-home care. They are also provided continued training to meet the changing needs of our clients. Our caregivers are bonded, insured, and background checked, as well as CPR certified.

About the Owner

Janel Rieder and her husband, Randy, opened Assisting Hands Home Care of Happy Valley for one reason — **family!**

Janel is a registered nurse who has seen too many of her patients and their families struggle with illness, rehabilitation, and simply aging, all while longing to remain in the comfort of their own homes.

As an experienced nurse, Janel has the medical knowledge to provide continuity of care from the hospital or rehabilitation center to the home. Her goal is to keep clients safely in their own homes for as long as possible.

Janel and her team are passionate about giving their clients the very best care. Trusting a caregiver with your loved one is an important task they do not take lightly. Please call for a free in-home consultation:
