Greg and Kim Kling
founded Assisting Hands®
Home Care with one
mission

*“To Relieve the Stress of
Care from Families...
We Can Be There When
You Can’t”*

This mission is deep in their hearts because they have been there. Kim's Mom

Aggie was diagnosed with Cancer several years ago. During her many months of battling the disease, Aggie moved into their home and Kim, along with Hospice, took care of her.

During this difficult time, caregivers brought much needed assistance to both Aggie and Kim and greatly provided Kim the important time she needed to be with her Mom. This experience inspired Kim to become a State Tested Nursing Assistant (STNA) and with Greg to open Assisting Hands® in Cincinnati.

Greg and Kim are passionate about giving their clients the very best care possible. Trusting a caregiver with your loved one is an important task that they do not take lightly.

If you or a family member needs assistance or maybe you, as the caregiver, needs a break or a little extra help, Assisting Hands® can be there.
